Subject: RE: Techalloy Residential Well Sampling

Bob if you could do both that would be great. They had some problems with MW sampling last time I observed. MW more important than res wells. Call Monday at Ex. 6 Personal Privacy (PP) if you have problems.

John

Jack--if you could ask Brian to call me i'd appreciate it. my cell # is 630-940-6988. John--correct me if i'm wrong, but it's my understanding you only want me to be present for the residential well sampling.

thanks

Bob:

Our sampler, Brian McQueen usually gets to the plant at about 8 am on Monday December 9 and starts sampling the wells around the plant first, so Brian will usually start sampling between 8:30 and 9 am.

It usually takes him all day and into the next to sample all of the RCRA wells and the residential wells.

Let me know when you are coming or give me a call when you arrive.

Regards,

Jack

Mr. Thorsen;

Please give Bob Kay (USGS) a call or send an email on where and when he should meet you for the Residential Well sampling next week. Mr. Kay's phone number is 815-756-9207 and email is rtkay@usgs.gov . If you have any questions please contact me and send me a email with the information.

Respectfully,

John Nordine, CPG, LPG
